

Test Execution Report - Valid Login with Username and Password

Execution ID: 03defcc1-9f6e-4684-95bb-68cb071e0f46

Status: WARNING

Duration: 10.94s

Validations: 4 (Passed: 3, Failed: 0)

Executive Summary:

The test case aimed to verify the standard login workflow by validating that users can successfully authenticate using their username and password. The expected outcome was for the system to redirect the user to the Welcome Dashboard displaying a personalized greeting. While the login page and input fields functioned correctly, a warning was raised during the login submission step, indicating potential issues in the authentication process.
